Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful house-wife; the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

DICTIONARY OF THE BIBLE.

It contains OVER ONE THOUSAND closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with over TWO HUNDRED engravings on STEEL and WOOD, and a series of fine and authentic maps.

It is highly recommended by all learned and eminent men, and by the press generally, throughout the country, as the best book of its kind in the English language.

DO NOT BE DECEIVED.

Owing to the unprecedented popularity of this work, a small English abridgement adapted to juvenile readers, in duodecimo form, of about 600 pages, has been reprinted by another firm in larger type, and spread over 800 octavo pages, evidently by making a book larger than its original to give the impression that it is our edition. *To this we add that this juvenile edition we will, early in March, furnish the English work, for superior to the American, at $3.75 per copy.* Send for circulars giving full particulars.

AN EXTRAORDINARY ADOPTION.—A reporter of the Philadelphia *Press* who has been visiting the Blockley Almshouse, in that city, tells the following story:

"A gentleman and his wife were returning from their wedding tour, which had occupied a year. Before leaving for home (Massachusetts) they determined to visit our Almshouse. When they entered the infants' ward the wife said to the husband, 'Do look at that child—did you ever see such a resemblance to our baby?' 'Well, it does look like our beauty,' answered the husband. Thereupon they called in their nurse, with their three months old baby, and the pauper's child was placed by the side of it, when the likeness struck them all as most singular. The young mother whispered something to her husband. 'Nonsense,' was his reply. 'Oh, but I will!' she exclaimed, 'Why, my dear—, 'Now, George,' she urged, 'remember you said you would deny me nothing!' 'Well, well, have your own way,' responded the indulgent husband.—Thereupon she turned to the pauper mother, and asked: 'Will you part with your child?' The poor woman looked frightened at the question, replying: 'No, no, no!' 'But consider, I will take it to a good home, and will bring it up as my own.' Oh, no, no, madame! indeed I cannot part with my child!' 'You are poor—I am rich. This child will be a burden to you. To me it will be a pleasure. I will give you fifty dollars for it.' The poor mother looked incredulous—hesitated for a moment, then burst into tears as she handed her child to the sweet-looking lady who was bidding so earnestly for it. The amiable husband paid the money, the baby was wrapped in a large shawl, the mother kissed it convulsively, and the party passed out of the room. When taking leave of the Superintendent, she laughingly said: 'I wrote to mother that I had a baby; but won't she be surprised beyond everything when she makes the discovery that I have twins!'"

NEWPORT DAILY NEWS

FRIDAY, February 14, 1868.

REPUBLICAN CAUCUS.

The Republican Electors of the city of Newport are requested to assemble at the STATE HOUSE on SATURDAY Evening, Feb. 15th, at 8 o'clock, for the purpose of electing delegates to represent them in the Republican State Convention, to be held on the 22d inst. HENRY H. FAY,
feb10—1w Chairman S. C. Com. for Newport Co.

The Alabama Election.

The result of the Alabama election is not yet positively known. General Meade telegraphed to the army headquarters that he is not certain whether the constitution has been ratified or rejected; he says that half those originally registered have probably voted, but a considerable number of names were added to the registry lists on their revision, and he has a doubt if half the aggregate number have cast their ballots. He also says that it is reported to him that in many counties the polls were not opened on the fourth day of the election, and that in some they were not opened at all on either day. He is investigating these reports and if he finds them true will order special elections in those counties, so that all persons entitled to do so can have a chance to vote.

A proposition that the new constitution of Alabama is republican in form, that it contains all the guarantees prescribed by the reconstruction acts, and has been ratified by a majority of the votes cast on the question of ratification, and that therefore this State is entitled to immediate admission to representation in Congress, was offered in the Senate by Mr. Sherman, and referred to the judiciary committee. Two or three republican senators declared in private conversation that they would vote for the bill at once. Mr. Bingham had a proposition that he showed to several representatives, but did not bring before the House, although he announced his purpose of doing so as soon as it was officially known that the Alabama constitution has been lost; it was to admit representatives from that State as soon as the legislature just chosen should meet, and carry out certain conditions, viz:—Ratify the pending fourteenth amendment to the federal constitution; strike the odious test oath out of their new constitution, and admit all men over twenty one years of age, of sound mind and not guilty of crime, to the right of suffrage, and leaving the office holding qualifications as now prescribed by the reconstruction acts. The proposition seemed to find considerable favor among members of the House, and it is believed that a majority of the reconstruction committee would report upon it favorably.

The St Louis *Republican* says: A report was circulated a short time since that Mrs. Lincoln was insane, and that her insanity was of that character which led her to sell everything. Since then we have received a letter from Chicago, from a reliable source, contradicting the report, and stating that Mrs. Lincoln has been boarding at Chicago, until lately, with the family of a wealthy citizen, Mr. Coles, and that she is now residing at the Clifton House, corner of Wabash avenue and Washington St. in that city. The Clifton House is a boarding house on a large scale. Mrs. Lincoln's temper is said to be very irritable, owing, perhaps, to the chagrin she feels at the ingratitude of the Republican party towards her. She dresses very plainly, and devotes much of her time to the society of friends who are in quite humble circumstances, to whom she unburthens her thoughts and hopes; and her greatest pride seems to be in watching over 'Tad,' and directing him in every proper course."

STATION HOUSE LODGERS.—The hardest times are in cold weather, and the times are unusually hard this winter. The city is full, as one might say, of men of all ages who come here in search of employment. This they find a thankless task as a general thing, and night overtakes them, weary and footsore, without money or the prospect of getting any. Numerous men in just this situation apply at the various station houses for lodgings, and of late the houses have been well filled with this class of people. Last evening no less than 162 were provided for at the different stations. Most of these are undoubtedly worthy of the favor, but there is no doubt that a certain proportion are of the genus "bummer," who "lodge round," sleeping one night at one station and the next at another; and perhaps during the soup dispensation will get their meals in the same way, or at least, until their character is detected.

Boston Herald.

WHERE IS THAT INSURANCE MAN?—A few days ago an accidental insurance agent entered a smoking car on a western railroad train, and approaching an exceedingly gruff old man, asked him if he did not want to "take out a policy?" He was told to get out with his policy, and passed on. After riding about half an hour an accident occurred to the train, and the smoking car ran over the sleepers, causing much consternation among the passengers. The old man man jumped up, and seizing a hook at the side of the car to steady himself, called out, "Where is that insurance man?" The question caused a roar of laughter among the passengers, who, for the time, forgot their danger.

A Southern letter, in alluding to the destitution there, instances the case of one planter in Marshall County, Miss.; who had seven mules killed and eaten by famishing negroes. A dairy-woman near Memphis, Tenn., has had ten milch cows killed and eaten in the same way. Unless relief is obtained from abroad, a thousand persons will in a fortnight, be on the verge of starvation in Memphis.

Commander George Brown, who went out with the ram Stonewall, sold to the Japanese government, announces his arrival at Valparaiso, Chili, on the 6th of last month. He says he had a rough time in getting through the straits, and speaks in warm praise of the vessel and her conduct.

GENERAL ASSEMBLY.

JANUARY SESSION—AT PROVIDENCE.

Senate.

THURSDAY, Feb. 13.

The Senate met at 11 o'clock, His Honor the Lieutenant Governor in the chair.

Mr. Currey, for the committee on the judiciary, reported on the petition of Mary M. Watts, from the House, a resolution granting the prayer of said petition, which was passed in concurrence.

Also an act in amendment of Chapter 160 of the Revised Statutes, of estates of persons dying without heirs, from the House, which was passed in concurrence, subsequently reconsidered and recommended.

Mr. Carpenter of Pawtucket, presented a resolution requesting the General Treasurer to communicate to the General Assembly the expenses of the Military Department the last year, and what is now due from the Department, which was referred to the joint special committee now investigating the military affairs of the State.

House of Representatives.

The House met at 10 1-2 o'clock, Mr. Speaker Van Zandt in the chair.

The Speaker presented a communication from the Secretary of State, as follows:

OFFICE OF SECRETARY OF STATE,
Providence, Feb. 12.

Hon. C. C. Van Zandt, Speaker of the House of Representatives:

Sir—In reply to the resolution of the House of yesterday, inquiring whether there is any contract between the State and the Pawtucket Horse Railroad Co., for the use of the road, and if so, what the conditions are, I beg leave to state I know of no such contract. I am, very respectfully,
Your obedient servant,
JOHN R. BARTLETT,
Secretary of State.

The communication was received and referred to the joint special committee, on the subject of the Pawtucket Turnpike.

Mr. Fisher of Barrington, presented the annual report of the Railroad commissioners. Referred to the committee on the Judiciary.

The following is an abstract of the report:

The commissioners report that they have examined into the causes of fifteen accidents, which have occurred since the first day of June last, on the various railroads in this State. By these accidents nine persons were killed, two of whom were intoxicated, three were employes of the road, two were walking on the track; one was killed by jumping from a horse car in motion, and being run over by another horse-car going in an opposite direction, and one death was caused by carelessness of employes.

Of the six persons injured, two jumped from the cars while in motion, one was an employee, and three were on the track.

The roads, in all respects are declared to be in a satisfactory condition.

The number of miles of railroad track in Rhode Island is 170,315-100 miles, including 25 1-2 miles of horse railroads. The motive power of these roads is 141 locomotives and 344 horses. Number of passengers carried during the year, 12,101,191.

The receipts for the year are $5,153,047-14, and the expenses $3,989,251 61.

From the statistics collected by the committee and embodied, we learn that the various roads have not suffered from the great depression in business, as their total receipts show an increase of net earnings of $141,163,30. There was a decrease during the year of merchandize transported, 33,703 tons, while upon the other hand, the total number of passengers increased during the time, 1,115 294.

Mr. Barstow, of Providence, introduced an act in amendment of Chapter 619, "of the education of indigent blind, deaf, &c., persons." The act provides that the appropriation of each of the beneficiaries of the State, at the Perkins' Institute for the Blind shall be $300 per annum, instead of $200 as heretofore. Referred to the Committee on Education. The committee subsequently reported back the bill with a recommendation that it be adopted. The act was read and passed.

Mr. Bogert, from the joint committe on accounts, reported favorably on the petition of John Howe for payment of account for services rendered in surveying the Cove lands, said account amounting to $670.—The resolution was passed.

A PERSISTENT CUSTOMER.—"Buy any butter here?" said a country customer, who walked into a dry goods store in a certain city, and looked much like a character who knew a great deal more of himself than he cared to tell.

"No, sir," replied the merchant, "we don't wish to buy any."

"Want to buy any eggs?"

"No, sir; we keep a dry goods store here."

"So! Wa-al, then, may be you'd like to buy some chickens—fat as pigs, and a mighty sight nicer, too?"

"No, sir; I tell you we don't deal in anything but dry goods."

"Couldn't I sell you a nice fat shoulder of pork?"

"I tell you, sir, we deal in dry goods exclusively, here."

"Wa-al, what'll you give for *dried peaches?*"

As illustrating the mixture of races and religions in New York, a speaker at a meeting in that city the other night made the following statement:

"Rev. Thomas W. Hughes once found a family in a seven-by-nine cellar in the 4th Ward, where the Catholic wife was counting her beads and saying her prayers on her knees before a picture of the Virgin, while the Chinese husband was propitiating his pagan deity with offers of rice administered with chop-sticks, and the two little children of this strangely assorted pair were singing the mission song:

"Jesus loves me, this I know,
For the Bible tells me so."

Major J. H. Whittlesy, who was detailed by the Secretary of War to report a suitable system of military instruction for such colleges and schools as may choose to adopt it, has prepared a draft of a bill, which is before the Military Committee. It is approved by Gen. Grant, and is to be considered immediately. This plan does not propose to abolish West Point, but as that institution is not adequate to the supply of officers for the army, it is intended to supply the deficiency.

THE RELIGIOUS INTEREST AT WESTERLY.—The *Weekly* says one of the results of the religious meetings in that town is the organization of a Young Men's Christian Association, which was effected on Saturday evening last, at a meeting held in the Episcopal Church.

Another fruit of the meetings is the abolition, or temporary suspension, of the law which excludes from the pulpit of the Episcopal church clergymen not ordained according to the prescribed forms of that church. We understand that an arrangement has been made by which, on Sunday next, Rev. F. Denison, pastor of the Baptist church, and Rev. J. P. Hubbard, rector of the Episcopal church, are to exchange pulpits.

About Home.

[For the Daily News.]

MESSRS. EDITORS:—The rendering of "Fauchon" last night, at the theatre, by the Bidwell and Locke Company, fairly placed them as thorough artists, conversant alike with the text and the spirit of the drama. Devoted to the art, witnessing when opportunity offers, the efforts of those who come among us, I can offer no criticism, save in praise of the details of "Fanchon" as offered by this Company. The "Cricket" was admirably and naturally brought before us by Miss Bidwell, the character being so satisfactory, that the audience offered more earnest applause than has been before manifested since the theatre opened.

Madelon, Miss Langley, Old Fadet, the witch, mother and father Barbeau, Mr. Churchill, Mr. Dean, Landry and Didier, all won deserved applause. The dancing at St. Andoche Festival was really charming, the audience repeatedly and properly manifesting their appreciation of it.

They offer "Nobody's Daughter," this Friday night. In it, assurance is given of thorough, excellent, artistic merit. The citizens should strongly sustain them on the occasion. Intensely thrilling in narrative, it has been dramatized, and received in New York, Boston, and elsewhere by crowded houses. Mr. Locke appears this night as "Larkspur." This fact will attract many. His inimitable characters have not been witnessed since the days of William Burton.

I thus offer my judgment of the artists now before our citizens without the knowledge of a member of the Dramatic Company, or of any person even indirectly connected therewith. Let our people this night offer them a crowded house and well will they be repaid. CITIZEN.

TEMPERANCE.—Eureka Lodge No. 12, Independent Order of Good Templars, at their meeting last Monday night voted to hold a public meeting on Tuesday evening next.

The meeting will be held on Tuesday evening next, in the Representatives' Hall of the State House, commencing at half past seven o'clock. The following is the order of exercises: Invocation by Rev. C. Banning; Introductory Remarks by W. D. Lake; Poem by C. W. Dyer; Addresses by Harry Mortimer, a soldier from Fort Adams, and by William H. Catton; An Essay by Mrs. Nettie J. Titus; "A knowed" by B. W. Pearce; Address by Capt. J. A. Judson,—all members of the Lodge.

These addresses, &c., will, it is expected, be interspersed with music by the Newport Social Glee Club, who have been invited to assist in the exercises.

The public generally, are invited to attend, and we think we can assure them of an agreeable and profitable entertainment.

BOSTON GEOGRAPHY.—The Boston papers are, every little while, adding to the territory of Rhode Island by stating things that occur in Massachusetts, to have taken place in this State. The *Post's* version of a story published in our columns, yesterday, is as follows:

A gluttonous Rhode Islander, named Hodijah Blake, devoured a turkey weighing nearly eight pounds at one sitting, last Monday. It only took half an hour to complete the job, and his price was fifty dollars.

Now it happens that this "gluttonous Rhode Islander" lives in Westport, *Massachusetts*, as was distinctly stated in the first account of the performance. Our neighbors would do well to become more familiar with the geography of their own State.

LIBERAL.—Notwithstanding such a great number of people in Fall River are without employment, the congregation of St. Mary's Catholic Church in that city have contributed a little short of six hundred dollars toward the erection of a magnificent cathedral in Boston.

HA-YAH-TA-KEE.—The death of the chief of the Japanese troupe of performers who were recently giving exhibitions at the Academy of Music, has furnished the reporters with an excellent opportunity to descant upon the funeral customs of the singular people to whom the deceased belonged. Since his death, it has come out that Ha-Yah-Ta Kee was a Daimio, or great noble, in his own country. The Japanese government—a jealous and suspicious government—has, very frequently, its own means of acquiring information of the politics and customs of other nations. Nobody would suspect a juggler and acrobat of being a commissioner in disguise; how was it with Ha-Yah-Ta-Kee? To the eyes of the people he was a skillful performer, it is true. For the rest, no one who ever saw the deceased and noticed the respect with which his attendants treated him, could have failed to come to the conclusion that he was no ordinary man among his own people. Naturally enough, his death has created a great sensation. It is somewhat peculiar, it must be confessed, that so many Japanese "troupes" should visit Europe and America just at this juncture, when Japan is about to become acquainted, through the opening of its courts with the Christian world. *N. Y. News.*

ADMIRAL FARRAGUT AT NICE.—The *Journal de Nice* of Jan. 21, and the *Courrier de Nice*, copies of which have reached us, give a glowing account of the reception tendered to Admiral Farragut and his officers by the residents of Nice, brief mention of which has reached us by telegraph. The fete was held at the Casino, and fourteen hundred invitations were given out. After the reception, at which all the officials of the place were present, dancing commenced. His Majesty, King Louis of Bavaria, the Duke of Glusbourg, Baroness Rothschild, the Consul of the United States, and many other distinguished personages, were present. The entertainment was costly and elegant. In speaking of the military decorations worn by the French officials, the *Journal* remarks that the young American officers who came fresh from twenty naval victories, wore no insignia, and therefore the decoration dazzled by their absence.

Literary Notices.

Among the evidences of the marvellous progress of the West, are the growth of art and the publications that keep its growth in the knowledge of the people. From Cleveland, O., we have the Western Musical World, a beautifully printed and illustrated monthly published by S. Brainard and Sons, and devoted to Music, Literature, Fine Arts and the Drama. It presents a good and extensive table of contents, including two fine pieces of original music.

The Westminster Review for January is richly freighted with reading of sufficient variety to please all tastes. Besides its copious chapter on Contemporary Literature, it has nine articles entitled Dangers of Democracy, Physiological Psychology, Two Temporal Powers, The Church in Scotland, Extradition, The Origin of Electricity, Indian Worthies, The Abyssinian Difficulty, The Land Tenures of British India. 140 Fulton street, New York.

The first article named above is republished in Littell's Living Age for the current week, together with ten others from various foreign periodicals.

WANTON SPORT.—It is the custom of some gentlemen who have a desire to exhibit their skill as marksmen to place themselves on the bow of the steamer during her trip to and from Providence and shoot birds as they may chance to come within range. This is certainly far from a manly sport, and reflects but little credit on the performers. Ordinarily these are but indifferent shooters and the result is that more or less harmless birds are left to suffer along the line with broken wings while but few are killed outright. In our opinion a man ought to be ashamed of himself who descends to this practice.

CODFISHERMEN'S CONVENTION.—A few days since a convention of codfishermen was held at the Quincy House, Boston, at which the various towns interested in the codfishery were requested to appoint delegates to be sent to Washington and urge certain views upon Congress.

The delegates appointed in conformity with this request assembled at the Quincy House, Thursday, for consultation, and they decided that in the interview with Congress they would not urge any attempt to have the fishing bounty re-established, but instead thereof they would urge an increase of duty on imported fish, and a modification of the law concerning the use of salt as recommended in a resolution passed at the recent convention. The party will probably go to Washington on Saturday.

JOHNNY VARS.—Among the pupils of the Perkins Institution for the blind who appeared before the General Assembly Wednesday was Master Vars of this city who exhibited a wonderful knowledge of Geography. He is the son of Frank Vars and Grandson of William Vars and affords a striking illustration of the benefits of this public charity. The State has in all eleven pupils at present in the institution.

An act was passed yesterday in the lower house appropiating $300 per annum for the support of each beneficiary instead of $200 as heretofore.

'Coasting Carnivals' are the rage at present in New Bedford. Bush street, where the sport is enjoyed, is lighted at night with Chinese and other lanterns, dwelling houses in the neighborhood are illuminated and the New Bedford Brass Band enlivens the scene with musical strains.

PRICE ADVANCED--PAR & INTEREST!

THE
Central Pacific Railroad
THE BEST AND PRINCIPAL PORTION OF THE
National Trunk Line Across the Continent
is being rapidly carried forward by an unprecedented working force; and it is reasonably certain that the CONTINUOUS OVERLAND RAILROAD CONNECTION FROM NEW YORK TO SAN FRANCISCO WILL BE MADE IN 1870.

The United States Government furnishes, upon a subordinate and contingent lien, half the means for constructing the Main Stem Line; and besides an absolute grant of 12,800 acres of valuable public land per mile, the Central Pacific Railroad Company have received from California sources, donations and concessions worth more than $3,000,000. The available resources of this Company are therefore abundant for the purpose, amounting to $17,000,000 on the first 125 miles of the Line, including Loans secured by a First Mortgage upon the whole property, to the same amount only as the U. S. Subsidy Bonds.

The results already attained, although under comparatively unfavorable circumstances, afford substantial ground for believing the CENTRAL PACIFIC to be the
Most Favored, Productive, and Valuable Railroad Enterprise in the Country.

In consequence of the large and rapidly increasing demand, the price of these Bonds has been advanced, and the Company are now offering for sale, a limited amount of their
First Mortgage Six Per Cent. Bonds,
Principal and Interest Payable in Gold Coin,
in sums of $1,000 each, at par and accrued interest from January 1st, in currency.

These Bonds, it is believed, possess the elements of *safety, reliability and profit*, in a greater degree, than any other class of Corporate Securities now offered, and are therefore very desirable for steady investments of surplus capital.

Investors will bear in mind the following advantages:

I. They are the first mortgage on one of the most reliable and productive lines of railroad in the world.

II. The actual earnings from local business in 1867 were more than four times the annual interest engagements.

III. The hard part of the work is now done, and the prospects of rapid completion are favorable.

IV. The Company have liberal subsidies, which enable them to prosecute the work with great vigor.

V. The management has been exceedingly prudent and frugal.

VI. There is already a large and growing settlement on the completed and graded line.

VII. The lands promise to be of immense value, 24,038 acres having been already sold.

VIII. Both principal and interest are explicitly made payable in gold coin.

IX. Both the aggregate amount of issue and their standing in Europe will insure for them continued activity and a high rank among standard securities.

At this time they yield nearly
Nine per Cent. upon the Investment.

Holders of Government Securities have an opportunity of exchanging them for Central Pacific Bonds, bearing an equal rate of interest, with the principal abundantly secured, and of realizing a profit of from ten to fifteen per cent. in addition.

Orders sent with the funds through responsible Banks or Express Companies will receive prompt attention. Bonds sent by return Express, to any address in the United States, at our cost. Information, Descriptive Pamphlets, Maps, &c., furnished on application at the office of the Railroad Company,

Dr. WISTAR'S BALSAM OF WILD CHERRY.
Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the throat, Chest, and Lungs, as well as that most dreaded of all diseases, Consumption, which high medical authority has pronounced to be a curable disease. Those who have used this remedy know its value; those who have not, have but to make a single trial to be satisfied that of all others it is the remedy.
A REMARKABLE CASE.
From Mr. John B. Darling, Watchmaker, Putnam, Connecticut.
"I have used Dr Wistar's Balsam of Wild Cherry in my family for several years, and always with the most beneficial results. My wife being of delicate habits, has always been troubled with a hard, dry, hacking cough whenever taking cold, and could obtain no relief from the various remedies she employed until she used Wistar's Balsam, the effect of which was astonishing. A year ago a young man in this place was taken with bleeding at the lungs, with a severe cough, and was given over to die by our best physicians, it being evident to all that his disease was Consumption. Upon hearing of his case my wife sent him a bottle of the Balsam, which he took, and soon, to the astonishment of his friends, he was at his accustomed occupation. In other cases we have administered the Balsam to the Consumptive, and always with the best of success. These statements are simple facts, which can be vouched for at any time by calling on me at my store."
None genuine unless signed "I. BUTTS" on the wrapper. Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

SELF-ABUSE AND SOLITARY HABITS,

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies

SECRET AND DELICATE DISORDERS;

Mercurial Affections, Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all, (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

THE ALABAMA ELECTION.

NEW YORK, Feb. 13. A Montgomery special states that a plan is on foot there to secure one half the registered votes to carry the Constitution. The real majority against it is about 20,000, but to-day orders were given to reopen the polls in five counties for five days further. A circular of questions has just been issued to every registration board in the State, the object of which is to secure answers upon which to reopen the polls in other counties. The President of the Convention is in the city and is understood to purpose to issue certificates of ratification of the new Constitution and of the election of the candidates running under it.

MISCELLANEOUS.

NEW YORK, Feb. 13.

Several steamships were seized to-day for a violation of the internal revenue act.

Horace Greeley has been re-elected president of the American Institute.

U. S. Deputy Marshal Newcomb is held for trial on a charge of receiving a bribe from a counterfeiter to condone an offence.

A row of frame buildings in the Third Avenue, was burned this morning. Three firemen were injured by the fall of an awning.

Washington Evening News.

—o—

The House Committee on Reconstruction met this morning and discussed and reported on its duties and articles of impeachment of the President, presented by Mr. Thad. Stevens. The vote in favor of adopting them and authorizing Mr. Stevens to report them to the House, was: Ayes—Messrs. Stevens, Boutwell and Farnsworth. Noes—Messrs. Bingham, Hulburd, Beaman, Paine, Brooks and Beck. So impeachment has again gone under.

A Washington dispatch says the Surratt trial will be again postponed, the counsel being unable to be present, and an effort will be made to obtain a change of venue.

It appears to be settled that the Judiciary Committee will take no action on Senator Edmund's bill regulating impeachment.—The same committee yesterday considered the House bill, referred to them some days ago, providing that a majority of the votes cast shall be sufficient for the adoption of the Constitution of Alabama. The Committee will either report that bill or Senator Sherman's measure on the same subject, as it has been determined to admit Alabama as soon as possible after she presents her delegation.

Impeachment on the score of the evidence contained in the Grant-Johnson correspondence is now considered dead.

The President has formed a new military district, consisting of the Departments of the Lakes, of the East and of Washington, and has appointed Lieut. Gen. Sherman to its command. It is called the Department of the Atlantic and the headquarters are to be in this city.

Gen. Sheridan has been ordered temporarily to the command, but it is probable that an appointment for that place may be made in a few days.

The sub District of Fortress Monroe, Va., has been abolished and a portion of the First Military District embraced in that command, except the Artillery school and the post of Fortress Monroe, which is designated as the sub District of Norfolk, to be commanded by Maj. D. Woodruff of the 21st Infantry, with headquarters at Norfolk, Va.

Messrs. Hooper of Utah and Holbrook of Idaho had an encounter in the lobby yesterday, the former being knocked down by Holbrook. They were separated before any great damage was effected.

Another special says the confirmation of Noah Jeffries as Register of the Treasury in the place of Mr. Colby, deceased, has created profound astonishment among the Republicans here, and weakened confidence in the coherence and firmness of the radical majority in the Senate.

The House has included Harvey's salary, as Minister to Portugal, in the regular appropriation bill. Under this bill he gets all his back pay.

A clause in the Executive Appropriation bill now pending, provides for the abolition of all bureaus for which no appropriation is made. This sweeps away the so-called "Bureau of Statistics."

Dickens Says:

"One day, during my stay in New York, I paid a visit to the different public Institutions on Long Island, or Rhode Island, I forget which. One of them is a Lunatic Asylum."

Watches for the Million !

ARRANDALE & CO'S GREAT WATCH CLUB.

Everybody needs a good watch, and wishes to get it at the lowest possible price ; a horde of swindlers knowing this have contrived various ingenious devices to get people's money, and then either fail to send a watch, or send one that is worthless as a time-keeper. ARRANDALE & CO. have now perfected arrangements by which, for the small sum of $10, a good and reliable watch may be certainly obtained. They have formed a GREAT WATCH CLUB on the following plan. Certificates containing the numbers of all the watches named in our wholesale list (which is sent to all applicants) are mixed up, enclosed in envelopes, and sold for 25 cents each. Every certificate is warranted to be for a watch, and as will be seen on reference to the list, none are of less value than Ten Dollars, whilst some are worth $300. We undertake to send any watch drawn whatever may be its value for $10, and in order that every one may absolutely depend upon getting a first class time-keeper, we guarantee that every purchaser of One Dollar's worth of certificates shall receive at least one for watch No. 125 on our wholesale list, sent post free, which is a first-class patent lever, a handsome and reliable watch, in sterling silver hunting case, and usually sold for $40. You will certainly get such a watch; and, besides, you may get a Gold Chronometer worth $250. We sell the certificates as follows: One for 25 cents; Three for 50 cents; Six for $1; and Twenty for $3. To those sending $1, we will send a handsome chain gratis. To those sending $3 we will send a Gold Chain warranted not to tarnish in two years. Parties getting up larger clubs will receive liberal presents, particulars of which may be learned on application. As it is our intention to do a strictly honorable business, and do insure our customers from liability to loss, we will send our watches, if desired, without money, instructing the Express agent to collect only on delivery. If we are desired to forward watches by mail, the money must be sent to us by Bank Draft or Post Office Order, and it will then be at our risk. We will then register the package at our post office, and if lost will replace it free of charge.—If any watch sent is not approved, it may be returned and the money will be refunded. The reputation of our firm, which has been established for five years, and is well known in every part of the country, we trust will be deemed a sufficient guarantee that we will faithfully perform all we promise to do.

PROMINENT CHARACTERISTICS,

I.—They are Instructive.

"As purely literary works, these historical romances possess a high degree of merit. They read like genuine histories."—*Catholic World.*

"They are correct descriptions of the countries and the people described."—*Herald.*

II.—They are Entertaining.

"We regard these books as among the best and most entertaining novels of the day."—*Springfield Republican.*

"The reader is at once fascinated and held spellbound until the volume is completed."—*Free Press.*

"There is no dull chapter in it."—*Utica Herald.*

III.—They are Mirrors of the Times.

"No one can peruse them without conceding the author's great skill in grasping and delineating the characters which figure conspicuously in them.

"The study which enables the author to delineate so accurately the emotions and incentives to action which moved men and women of a past age must be beyond nutiring, and Louisa Muhlbach shows in all other works a perfection which carries the reader into the very presence of the characters represented."—*Syracuse Journal.*

IV.—They are Historically Correct.

"Historically correct, and as entertaining as many of the volumes of Sir Walter Scott."—*Prov. Herald.*

"Louisa Muhlbach must have carefully and diligently studied the secret histories of the times and countries of which she writes, and her task is done well and effectively."—*Worcester Spy.*

"No Historical Novelist has labored so faithfully and successfully to reproduce a complete picture of past times and events."—*Utica Herald.*

V.—They are Original.

"It has agreeably surprised readers to find a new writer with such constructive genius and knowledge of character as Louisa Muhlbach possesses."—*Public Ledger.*

"Each succeeding novel adds to Mrs. Mundt's reputation as a writer of historic fiction."—*N. Y. Times.*

VI.—They are full of Imagination.

"She is not only the skilful joiner, but a neat-handed artisan."—*Christian Witness.*

"There is seldom any straining after effect, but it is really wonderful how Madame Mundt manages to sustain and increase the interest to the end."—*City Item.*

"The word-painting of the authoress is much more effective than the best efforts of the engraver."—*Illinois State Register.*

VII.—They Contain Anecdotes of Courts.

"Scottish history offered no fresher and more romantic material to the magic working hand of Sir Walter Scott than she finds in the annals of the German courts."—*Evening Gazette.*

"They are not to be found anywhere in human annals, massed, such magnificent, such superabundant materials for romance, as clog the chronicles of the Prussian and Austrian courts of the 18th century,—by their dress, their manners, their modes of thought, their language, they are almost as much separated from us as if they had lived one thousand years ago."—*Observer.*

VIII.—They tell about Emperors, Kings, and Queens.

"We learn from her not only how Frederick William and Frederick the Great, Joseph the Second, Voltaire, Rousseau, Baron Trenck, the Empress Catherine, walked and talked in their grand *roles*, but how they powdered their hair, flirted, and took tea."—*Register.*

"The choice of her subjects exhibits her genius—She takes the time of Frederick the Great, Joseph the Second, for example, and upon the background of facts which the chronicles of the periods afford, she embroiders the bright and sombre colors, the light and shade of her fiction, with the skill of a consummate artist."—*The Eagle.*

IX.—The Style is Interesting.

"The style of this writer for purity, perspicuity, and elegance, is something greatly to be commended. It is free from imitations, mannerisms, and tricks of every kind."—*The Argus.*

"The translations do justice to the vivid, piquant style of the original; and the story is full of movement and crowded with instructive and entertaining incident."—*The Chicago Post.*

"The interest of the book does not depend upon its characters nor its incidents, nor yet on its charming style, but in its general harmony of composition."—*Day Book.*

X.—Everybody is Reading them.

"Our people seem to have stopped reading French novels, and English works are complained of as dull. Miss Muhlbach precisely supplies the public want.

"The novels of Clara Mundt are being read by every one."—*Times.*

"Muhlbach's novels have a world-wide reputation, and are read with avidity, as fast as issued from the press."—*Springfield Republican.*

"They are winning a wide and deserved popularity in this country."—*State Journal.*

Oxygenized Air,

A CURE FOR

CATARRH

AND DISEASES OF THE THROAT AND LUNGS,

Applied by

DR. C. L. BLOOD,

No. 9 Montgomery Place,

BOSTON, MASS.

——:0:——

CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained ? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the Bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, its contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from those diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a full description of these diseases.

Out of the many thousands of testimonials received we publish the following:

DR. C. L. BLOOD,—

DEAR SIR:—I desire to give you my testimonyl regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory organs I have used your remedy, "Oxygenized Air." in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever yet conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally yours,
L. M. LEE, M. D.
No. 109 Westminster Street, Providence.

DR. C. L. BLOOD,—]

MY DEAR SIR:—I have tested your remedy, "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory; so positive am I of its wonderful power to arrest the progress of the above named diseases, that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours,

REV. R. TOMLINSON,

MAKE the following propositions: They will put up at the market price one hundred pound papers of English Breakfast Oolong and Hyson Teas, such as they are now retailing, for one dollar per pound, and deliver the same on the 25th of September at the residences of purchasers. In every tenth pound will be enclosed a one dollar greenback, so that the purchaser will get his tea for nothing. By this arrangement no one will pay above the regular price, so that there is no possible loss. As will be seen, the tea is sold on the average at a deduction of ten per cent., or at our

We are only enabled to do this by our connection with an extensive wholesale tea-store in New York, from which we purchase at the lowest rates.

EVERY POUND WARRANTED.

If the tea when tried is not satisfactory it may be returned in exchange for any other kind or quality in the store. The whole thing is to be done on perfectly honorable principles, and is no catch-penny affair.

Orders may be handed in at once.

If the whole number of packages are not sold at the day of delivery the proportionate number will be disposed of according to the above terms.

These are not a cheap tea provided for the purpose, but a **regular standard article.** Other grades may hereafter be sold in the same way. Now is the time to send in your orders.
